Tuberculosis and Bovine Brucellosis Testing

- 1) All animals entered for showing or exhibiting must be from a current TB Clear Status Herd.
- 2) All animals entered for showing must be from a herd that is current with its TB testing requirements.
- 3) The Association must be notified within 48 hours, of any TB testing that results in potential TB issues being identified after entries have been submitted. This will include TB testing of animals associated with those entered for showing. Owners entering cattle must sign any declaration printed on the entry form.
- 4) All animals entered, that originate from a movement control area, must be notified at the time of entry. These animals if aged 90 days or older, must complete a clear pre movement TB test within 60 days of their movement to the show.
- 5) Animal Status Declaration Card. This is a legal requirement for all animals being moved. All animals entered must be accompanied in transit by a signed and dated Animal Status Declaration Card showing a Clear TB status and required TB testing is complete.
- 6) A NAIT approved RFID tag will be mandatory for all movements of cattle, including day old calves. NAIT approved RFID cattle tags are white only. Please do not remove tags if cattle are identified with Animal Health Board or MINDA tags.
- 7) A secondary tag is no longer required under the new

NAIT scheme.

8) All animals being exhibited at the Show including any participating in a hoof and hooks carcass competition come under the standard identification and ASD regulations. These cattle will require the NAIT approved RFID tag.

9) Where live cattle or deer form part of a trade display the exhibitor is responsible for: (i) Ensuring all stock have completed all TB testing requirements as per Animal Health Board testing regulations. (ii) Ensuring all stock are identified in accordance with current legal requirements.

All ages of cattle to count from 1 June.

All entries for Cattle must be registered or eligible for their respective stud books.

RAS Central District Steer Competition 2017/2018

Entry Fee:

Prize Money: 1st \$15, 2nd \$10, 3rd \$5

Open to any show that wishes to partake and add the class to their schedule.

Entry fee to be charged as per other classes in your catalogue & prize money to come from each individual show, amounts at your discretion.

Wording for show schedule: Led yearling steer, any breed.

The following information is just for general information for anyone wanting information on the competition. Not necessarily to be put into the schedule although if needed you may put points you think would be useful.

Results of steer classes to be forwarded through to Sarah O'Connell sarah.m.oconnell@outlook.com as soon as possible after the show.

Show wishing to participate also need to let Sarah O'Connell know they are adding it to their schedule.

Steers to be of yearling age in the season of competition. i.e for 2016/2017 show season steers will have been born on or after July 1 2015 and before 31 Dec 2015.

The steer may be of any breeding.

The competition is open to any one of any age.

The steer is to be judged like any other cattle class, also taking into account the suitability of the animal for its productive use, i.e a red meat producing animal.

Steers are not to be swapped out at any stage of the season. Anyone found to be doing this will have all points deducted.

There will be no handlers classes.

Shows that have handlers classes already in their schedule, it would be great if those old enough can take their steers in these classes.

A round robin format for the championship will be run.

Scores will be allocated according to placings at each show.

For entrants to be eligible for the overall championship they must compete at 3 shows, with mandatory showing at Canterbury A&P.

If you compete at more than 3 shows, your best 3 will count toward your overall points.

The Grand Final Prize giving will be held at the Oxford A&P Show. (Note, you do not have to compete or take

your steer to Oxford to be eligible if you have competed at 3 other shows).
